

## Does the library offer Microsoft Word and Excel?

### Does the library offer Microsoft Word and Excel?

All the Library computers have Office software (Word, PowerPoint, Excel, Access, Publisher, etc.) loaded on them. Those on the Yellow network have Office 2007; those on the Orange Network have Office 2003. Two non-networked workstations near the study rooms have Microsoft Step by Step Interactive, a tutorial for Office 2000, on them.

Printing is available from all Library computers on either Black & White or Color Laser printers.

Please ask for help at the Reference Center as needed.
